

How to get started with GoodRx Prescription Services

Use these talking points to discuss with your doctor's office today.

“ I'd like my prescription to go to GoodRx Prescription Services. Have you heard of it? ”

GoodRx Prescription Services is a prescription fulfillment service — different than a coupon program.

“ This program helps patients like me easily access the medications you prescribe while also knowing what price to expect. They even deliver for free! ”

How it works:

- 1 You (the clinician) ePrescribes to GoodRx: NCPDP #5755523
- 2 GoodRx Prescription Services automatically:
 - Reviews my prescription.
 - Compares price options based insurance coverage and/or cash pricing.
 - Determines an appropriate pharmacy to fill my prescription and sends it for fulfillment.
 - Ships my medication directly to my door for free.
- 3 GoodRx Prescription Services contacts me directly via text with updates on my prescription.

“ I'm excited to try out GoodRx Prescription Services. You should try it for your other patients, too. ”

GoodRx Prescription Services has more information for clinicians and their staff here: GoodRxPrescriptionServices.com

GoodRx Prescription Services compares insurance coverage, manufacturer cash programs, and/or GoodRx's coupon cash prices to determine the appropriate pharmacy to fill a patient's prescription.
